The results of the Federal Bureau of Investigation
Laboratory Examinations are as follows:

SPECIAL INVESTIGATIVE DIVISION

10/17/73

This involves an Interstate Transportation of Stolen Property investigation which is being coordinated by our Newark Office and has been under way since November, 1972. Included among the subjects was Gregory Scarpa, a highly placed "member" of the Colombo "family" of LCN, who has also been serving as one of the most effective and productive top echelon informants of the FBI since 1962.

SAC, Newark, advised that Scarpa telephonically contacted him 10/9/73 and indicated that he was innocent of the charges for which he was presently being investigated and demanded that something be done to alleviate the situation. SAC, Newark, indicated that Scarpa's remarks were profane and while specifically denying he was making any threats were demanding and bordering on being threatening.

Scarpa subsequently contacted New York Agents and advised them of his telephone call to SAC, Newark. Scarpa admitted losing his composure and apologized for his actions and asked that this apology be conveyed to SAC, Newark. Scarpa indicated he would continue his relationship with the Bureau regardless of the outcome of prosecutive proceedings against him.

Contact with this outstanding source will be continued until such time as he is the subject of legal proceedings.
